

CHOOSING A SET OF PRODIGY STRINGS

8 String Bouzouki - 6 String Bouzouki / Tzoura - 6 String Baglama

Selecting the perfect set of strings for your instrument depends on various factors. How the neck and action (height of the strings) of the instrument is set up and what feel and sound you prefer to have with your instrument etc.

We produce sets in three gauges:

8 String Bouzouki & 6 String Bouzouki / Tzoura Sets are in **11's** / Light Gauge Sets are in **10's**
6 String Baglama are in **09's**

We produce two different types of sets:

Silver Plated Sets
Phosphor Bronze Sets

The Silver-Plated wound strings produce a warm, smooth and vibrant rich sound.

The Phosphor Bronze wound strings produce a bright sound to begin with which mellows down to a smooth, punchy and dynamic sound.

The chart below will help you choose the perfect set that is right for you.
